Governor's Society

TuftsMedicine
Tufts Medical Center

The Governor's Society celebrates Tufts Medical Center donors who make an annual leadership gift. The Governor's Society draws inspiration from Samuel Adams, the fourth governor of Massachusetts and one of the founders of the Boston Dispensary, Tufts Medical Center's founding institution. The Dispensary was the first permanent medical facility in New England.

We invite you to join our Governor's Giving Society by making an annual gift of $1,000 or more. Leadership gifts may be designated for specific purposes or to the Tufts Medical Center Fund, which provides flexible resources to meet today's ever-changing healthcare needs. Our membership levels align with the values that are at the core of what we do. We hope you will make a gift today in support of our mission to empower people to live their best lives by reimagining healthcare, advancing knowledge and pioneering discovery.

All contributions received from October 1 through September 30 (our fiscal year) – cumulatively, including matching gifts – qualify for membership. For your convenience, monthly, quarterly, or semi-annual payment schedules may be set up.
